

Model No's. ACS-1512-IEC, ACS-1512-IEC-SW

AC Power Strips

15A, IEC outlets

Power strip with detachable power cord provides convenient access to power in racks and stand-alone applications. Chassis is heavy gauge steel with black powder epoxy finish. Outlets are IEC C13 (black). Easy termination is provided by a detachable IEC cord that is 6 ft. long with a NEMA 5-15P plug. Includes a 15A circuit breaker and universal mounting brackets, which are engineered with multiple mounting points and two types of hardware to facilitate easy power strip installation into cabinets with adjustable or fixed mounting rails or to wall or desk surfaces. The brackets may be mounted so they are exposed for easy access or concealed under the strip for aesthetically clean installation.

Features:

- 15A Power strip with twelve IEC outlets, circuit breaker protection
- Optional on/off switch (see chart)
- Easy to terminate strip includes a 6 ft. IEC detachable cord with NEMA 5-15P plug.
- Rugged steel chassis is finished in durable black epoxy paint.
- Universal mounting brackets provide mounting versatility nearly anywhere including racks and walls.
- ETL Listed (US and Canada)
- Made in the USA

A & E Specifications:

The ETL Listed power strip shall be Lowell Model No. _____. Power rating shall be 15A with circuit breaker protection. Power strip shall include 12 IEC outlets and terminate with a detachable 6 ft. IEC cord with NEMA 5-15P plug. The strip shall install to racks with adjustable or fixed mounting rails and to walls and desk surfaces using mounting brackets and hardware provided.

Universal Mounting Brackets

Brackets include multiple hardware sets for versatile installation (see Dia. A).

- (2) Brackets
- (2) 1/4"-20 x 1/2" screws
- (2) flat nuts
- (2) 10-32 x 1/2" screws
- (2) cage nuts

(Dia. A) Power strip installation in racks with universal mounting brackets

Rack Type: Adjustable Rail
Strip location: Side of Rack (horiz. supports)
Mtg. Hardware: Multi-Mount Brackets, 1/4"-20 screws, flat nuts

Rack Type: Adjustable Rail
Strip location: Rear rail
Mtg. Hardware: Multi-Mount Brackets, 10-32 screws

Rack Type: Fixed Rail
Strip location: Rear Z-angle
Mtg. Hardware: Multi-Mount Brackets, 10-32 screws, cage nuts
