

One-gang standard wall plate with factory-mounted microphone connector provides labor-saving field installation. The stainless steel plate has countersunk mounting holes that align to standard gang-size E.O. boxes.

**FEATURES:**

- One-gang stainless steel standard wall plate (2.75" x 4.5")
- Factory-mounted single microphone connector, Neutrik\* type NC3FDL (female)
- Wall plate mounts to a standard E.O. box or Lowell surface box P1X (order separately)
- Mounting hardware
- Assembled in the U.S.A. with global components

**A&E SPECIFICATIONS:**

The wall plate with a factory-mounted female type microphone connector shall be Lowell model WP1-NC3FD. The assembly shall be one-gang stainless steel with one mounted connector, Neutrik type NC3FDL. The unit shall be assembled in the U.S.A. using global components.

**OPTIONS:**

- **P1X:** One-gang steel wall box (2.875"W x 4.625"H x 2.5"D) with white powder epoxy finish. Four knockouts.
