

## Model No.

# RMK2-14-LFP

## Rackmount Shelf

Shelf with vented base, L-brackets and mounting hardware to provide professional installation of non-rackmount equipment up to 17.375" wide.

### Construction & Features

- Sturdy 14-gauge steel construction
- Hinged sides for cost-effective shipping, fast installation
- 19"W x 14"D x 2U
- Bottom vents
- Side openings for cable management
- Load capacity 50 lbs.
- Black powder epoxy finish
- Made in the U.S.A. with certified U.S. steel

### Installation

Secure equipment to shelf using four L-brackets (typically two on top front and two on bottom rear vents to keep equipment from being pushed back during use).

### Optional (order separately)

- **RMK-TCMP:** 17.35"W top clamp secures equipment less than 16.125" wide.

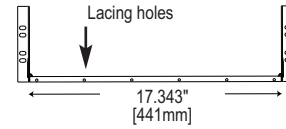

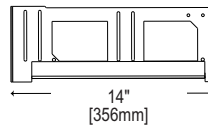

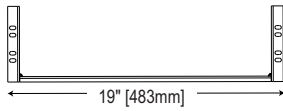

### A&E Specifications

The 19"W steel shelf for mounting non-rackmount equipment shall be Lowell Model No. RMK2-14-LFP with a depth of 14" and panel space of 2 rack units. The shelf shall be 14-gauge steel construction with a load capacity of 50 lbs. It shall feature a black powder epoxy finish.
