

Series No.

SSC--V

Steel Security Cover, Fully Vented

FULLY-VENTED SECURITY COVER mounts directly in front of mounted equipment in 19 inch EIA equipment racks to help protect controls and settings from unwanted adjustments and tampering.

FEATURES

CONSTRUCTION: 18-gauge certified US steel frame with smooth black semi-gloss powder epoxy finish

PROTRUSION: Front protrudes 1 in. from rack rail to allow room for equipment knobs and controls

PERFORATION PATTERN: 0.0781 in. holes on 0.125 in. staggered centers

INSTALLATION: Mounts in the same holes as the mounted equipment using two screws (top left, bottom right). The remaining positions are notched for screw clearance.

ORIGIN: Made in the USA

COMPLIANCE: EIA compliant

A&E SPECIFICATIONS

The rackmount security cover shall be Lowell Model _____ (SSC-1V, SSC-2V, SSC-3V, SSC-4V) which shall be 18-gauge certified US steel with smooth black finish and staggered perforation pattern. The vented security cover shall measure 19 in. x ____ (1, 2, 3, 4) rack units. It shall mount in front of rack-mounted equipment using two screws, and shall protrude 0.938 inches to accommodate equipment knobs and controls.
