Lowell™

UNINTERRUPTIBLE POWER SUPPLIES

UPS Product Line Guide

Series overview, key features and MSRP

Five series • 350VA to 3000VA • Standby, line interactive, and online

©2026 Lowell Mfg. Co. | Pacific, MO 63123 USA | sales@lowellmfg.com

SERIES OVERVIEW

Three topologies, one 120V line

STANDBY

Compact units power and protect equipment during power outages for localized protection and safe shut down.

SERIES

UPSA6-850 · UPS6Li

TYPICAL USE

Residential or commercial desktop systems, kiosks, retail POS, home automation systems, and telecommunications

LINE INTERACTIVE

Protects critical data and equipment from power problems, while supplying clean, reliable network grade power for distributed rack environments.

SERIES

UPS8

TYPICAL USE

Network closets, telecommunications, AV electronics, security, commercial IT, retail, and multi-site deployments

ONLINE DOUBLE CONVERSION

Offers full power conditioning and outage protection in a flexible rack or tower mount configurations.

SERIES

UPS9A · UPS9Li

TYPICAL USE

Network closets, IT, AV systems, retail, telecommunications, education, and multi-site infrastructure

SERIES OVERVIEW

UPS lineup at-a-glance

Series	Topology	Power rating	Battery	Chassis	MSRP range	Application
UPSA6-850	Standby	850VA 500W	Lead acid	Desktop / wall	$358.00	Home office, security panel, modem/router
UPS6Li	Standby	350–600VA 200–360W	Lithium (LiFePO4)	Ultra slim	$968.00 – $1,651.60	Video wall, PoE switch, kiosk, PLC, POS
UPS8	Line interactive	800–3000VA 720–2700W	Lead acid	2U rack / tower	$1,614.80 – $3,809.20	AV rack, small server, network closet
UPS9A	Online	1000–3000VA 800–2880W	Lead acid	1U or 2U	$2,494.80 – $5,890.60	Critical server, phone system, medical equipment
UPS9Li	Online	1500–3000VA 1350-2700W	Lithium (LiFePO4)	2U rack / tower	$5,544.00 – $10,048.60	Edge computing, hot closets, long-life installs

Bundled SNMP (-IP) versions and expansion battery packs are priced separately.

Every rack model ships with a 4-point rack rail kit; 2U models add tower pedestals for stand-up installs.

STANDBY · LEAD ACID

UPSA6-850

KEY FEATURES

- Local outage protection; sits next to the equipment it protects
- Standby backup during outages for safe shutdown
- Small desktop chassis fits tight counters, cabinets, and equipment racks
- Touch-screen LCD, USB communication port and USB device charger
- Desk, wall, or floor mount for flexible placement across installs
- After full discharge, auto-restart brings load back once utility power returns
- 3-year electronics / 3-year battery warranty (USA & Canada)

MODELS & PRICING

UPSA6-850	850VA (500W)	**$358.00**

MSRP

$358.00

STANDBY · LITHIUM

UPS6Li Series

KEY FEATURES

- Ultra-slim chassis
- $LiFePO_4$ long life, eliminating routine battery replacement
- Rated for high-temp environments up to 50°C (122°F), derating above 40°C
- Operates up to 98% efficiency in normal mode
- Brackets included to mount on walls, under counters, or inside enclosures
- 5-year electronics / 5-year battery warranty (USA & Canada)

MODELS & PRICING

UPS6Li-350	350VA (200W)	**$968.00**
UPS6Li-600	600VA (360W)	**$1,651.60**

MSRP

$968.00 – $1,651.60

LINE INTERACTIVE · LEAD ACID

UPS8 Series

KEY FEATURES

- Line-interactive with automatic voltage regulation (AVR)
- Clean, network-grade sine wave output
- High-efficiency ECO mode (99%) and 95% buck/boost mode
- Hot-swappable battery + temperature-compensated charging
- Programmable receptacle group
- After full discharge, auto-restart brings load back once utility power returns
- 4-point rack rail kit plus tower pedestals
- 3-year electronics / 3-year battery warranty (USA & Canada)

MODELS & PRICING

UPS8-800	800VA (720W)	**$1,614.80**		
UPS8-1100	1100VA (990W)	**$1,776.40**		
UPS8-1500 (-IP)	1500VA (1350W)	**$2,307.80**	+ Web/SNMP	**$3,090.80**
UPS8-2000 (-IP)	2000VA (1800W)	**$2,746.60**	+ Web/SNMP	**$3,529.60**
UPS8-2200 (-IP)	2200VA (2000W)	**$3,462.80**	+ Web/SNMP	**$4,245.80**
UPS8-3000	3000VA (2700W)	**$3,090.80**		

MSRP

$1,614.80 – $4,245.80

ONLINE DOUBLE CONVERSION · LEAD ACID

UPS9A Series

MSRP

$2,494.80 – $6,673.60

KEY FEATURES

- Online double conversion; zero transfer time and continuous conditioning
- Scalable external batteries; add up to seven (7)
- Near unity output power factor (2U units)
- Powerful 8A charger; recharge to 95% in under 3 hours
- After full discharge, auto-restart brings load back once utility power returns
- 98% ECO-mode efficiency + optional monitoring
- 4-point rack rail kit plus tower pedestals
- 3-year electronics / 3-year battery warranty (USA & Canada)

MODELS & PRICING

UPS9AC-1000	1000VA (800W) 1U	**$2,494.80**		
UPS9A-1000	1000VA (1000W)	**$2,564.20**	+ SNMP	**$3,347.20**
UPS9A-1500	1500VA (1450W)	**$3,349.60**		
UPS9A-2000	2000VA (1930W)	**$4,366.00**	+ SNMP	**$5,149.00**
UPS9A-3000	3000VA (2880W)	**$5,890.60**	+ SNMP	**$6,673.60**

ONLINE DOUBLE CONVERSION · LITHIUM

UPS9Li Series

MSRP

$5,544.00 – $10,048.60

KEY FEATURES

- Online double conversion; zero transfer time and the cleanest output
- $LiFePO_4$ long life, eliminating routine battery replacement
- Rated for high-temp environments up to 50°C (122°F), derating above 40°C
- Hot-swappable battery + battery management system (BMS)
- After full discharge, auto-restart brings load back once utility power returns
- Light, efficient, fast recharge
- 4-point rack rail kit plus tower pedestals
- 6-year warranty

MODELS & PRICING

UPS9Li-1500	1500VA (1350W)	**$5,544.00**
UPS9Li-2000	2000VA (1800W)	**$8,200.60**
UPS9Li-3000	3000VA (2700W)	**$10,048.60**

BATTERY SELECTION

Lithium vs. lead acid

LITHIUM (LiFePO4)

- Roughly twice the service life of lead acid
- Better performance at higher ambient temperatures
- Faster recharge and longer internal runtimes
- Lighter and smaller footprint in the rack
- Lower total cost of ownership over the install life

Best for hard-to-reach racks, hot closets and long-life installs

UPS6Li · UPS9Li

LEAD ACID

- Lower initial acquisition cost
- Familiar, widely stocked replacement batteries
- Broadest model and power-rating coverage
- Larger and heavier units for the same rating
- Shorter lifespan, so plan a refresh cycle

Best for budget-led projects and standard climate-controlled racks
