

features

- **Description:**
Steel cable management panel organizes cable in telecommunications, audio-visual and broadcast applications. It extends to fit horizontally (front-to-back within a rack) providing a versatile solution for cable management.
- **Construction:**
 - 18-gauge certified U.S. steel panel with black powder epoxy finish
 - 2U panel extends 19–36 inches
- **Origin:** Made in the USA
- **Optional (order separately):**
Velcro cable wraps (#VCW-12) for light duty settings keep cables neat and hold them out of the way during installation. Each measures roughly 8 in. x 0.5 in. Maximum bundle diameter 1.75 in. Bag of 12.

Optional velcro cable wraps (#VCW-12) help organize cables.

a&e specifications

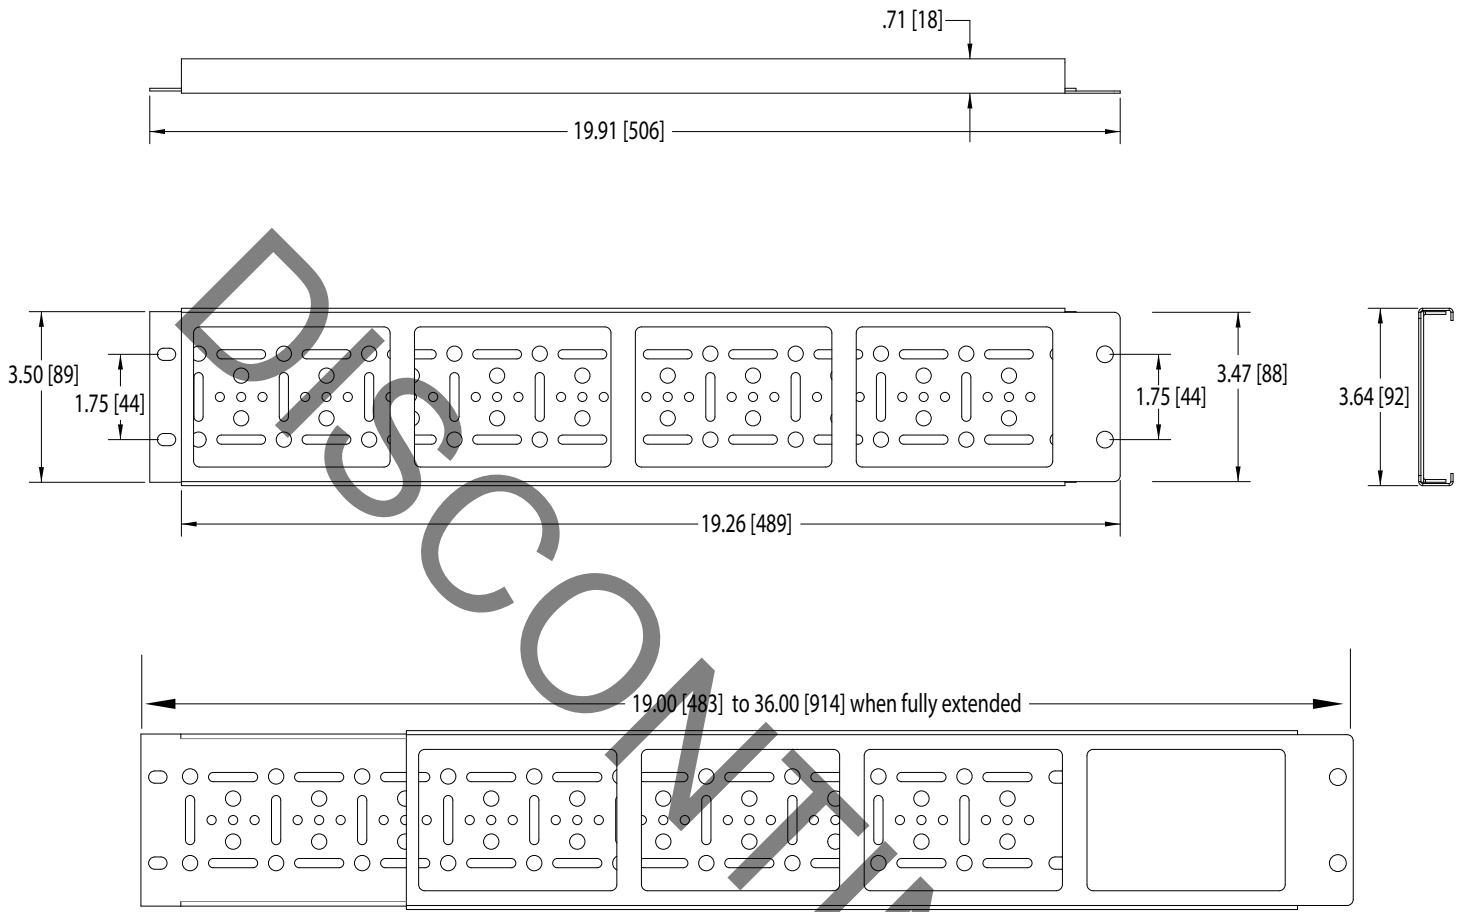

The cable manager shall be Lowell Model CMHT2-1936, which shall be formed from 18-gauge certified U.S. steel and finished in black powder epoxy paint. The panel shall be 2 rack units and extend 19 to 36 inches.
