Cable Management Bar with Slots #CMBS-6

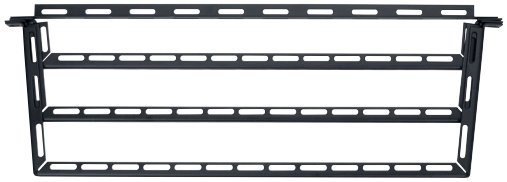
rackmount bar for cable management, 6 in. offset

MADE IN THE USA

CERTIFIED US STEEL

features

- **Description:** Offset rackmount bar for efficient control of wires and cables can also be used as support bracing for equipment when used with mid or rear-rails.
- **Construction:**
  - 16 gauge certified US steel
  - Approx. 19”W x 0.69”H
  - Offset 6 in.
  - Offset bars are stackable on a horizontal plane to save rack space
  - Black powder epoxy finish
- **Origin:** Made in the U.S.A.



CMBS Series bars can be combined and stacked on a horizontal plane for greater cable control. These cable bars can also be used to add support bracing for equipment when used with mid or rear rack rails.

a&e specifications

The rackmount cable management bar with lacing slots shall be Lowell Model No. CMBS-6, which shall be 16 gauge steel with a black powder epoxy finish. The bar shall measure approximately 19 inches wide by 0.69 inches high. It shall be offset six inches.
