

Model No.

USMG-114

Rack Utility Shelf w/Multiple Slots & Front/Rear Flanges

Panel Space:	1U or 1.75" [44]
Overall Depth:	14.00" [357]
Overall Width:	19.00" [483]
Usable Width:	17.56" [446]
Load Capacity:	25 lbs. [11 kg]

STEEL UTILITY SHELF with MULTIPLE MOUNTING HOLES/SLOTS features a variety of tie-down points to accommodate small devices and non-rackmount components such as audio, video, switching, and remote power control modules. The shelf mounts to standard 19" EIA compliant racks.

FEATURES

CONSTRUCTION: 16-gauge certified US steel

FINISH: Smooth black powder epoxy finish

BASE: Unique hole and slot arrangement in base is designed to accommodate a variety of device mounting patterns, while contributing to enhanced ventilation.

FRONT/BACK: Front and back flanges. Notches in the rear flange will mount an optional 12" power strip (Lowell ACS-1506-WW or ACS-1507, order separately).

COMPLIANCE: EIA/TIA compliant, TAA compliant, BAA compliant

ORIGIN: Made in the USA

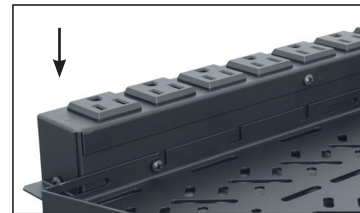

COMPATIBILITY: With its variety of tie-down points and slots, this rackmount shelf is ideal for Lowell standalone remote power controls (RPC Series, RPC-P Series), sequencers (SEQ Series), and relays (RY Series), and similar devices.

OPTIONS: (order separately)

- **ACS-1506-WW:** Compact 12" AC power strip with six 15A NEMA outlets, spaced for power supplies, and 6 ft. attached cord.
- **ACS-1507:** Compact 12" AC power strip with seven 15A NEMA outlets and 6 ft. detachable cord.

Top view

Notches on the shelf's rear flange make it easy to mount an optional 12" power strip.

A&E SPECIFICATIONS

The 1U rackmount utility shelf shall be Lowell model USMG-114. It shall be 16-gauge certified US steel construction with a smooth black powder epoxy finish. The base shall feature multiple holes and slots to provide tie-down positions for a variety of small devices and modules. The front and back shall include flanges. The rear flange shall feature notches to mount an optional 12" power strip. Overall shelf dimensions shall be 19"W x 14"D x 1.75". The shelf shall be made in the USA and have a load capacity of 25 lbs.
