

Rackmount shelf with vented base is ideal for non-rackmount equipment measuring up to 17.375" wide. Features hinged sides for fast installation and cost effective shipping.

### FEATURES

- **Panel Space:** 3U
- **Overall Depth:** 18"
- **Overall Width:** 19"
- **Description:** Rackmount shelf with vented base for non-rackmount gear up to 17.375"W.
- **Construction:** Made in the U.S.A. with 14-gauge certified U.S. steel. Hinged sides for fast installation, cost effective shipping. Black powder epoxy finish.
- **Installation:** Four L-brackets (typically 2 on top front and 2 on bottom rear vents) secure equipment to shelf, preventing it from being pushed back during use.
- **Load Capacity:** 50 lbs.
- **Optional:** (order separately)
  - RMK-TCMP: 17.35"W top clamp secures equipment less than 16.125"W.
  - RMK-RBKT-18: Pair of 15.5" rear extension brackets (for 18"D shelf) extend to rear rails in 22"D, 27"D, or 32"D racks.

Hinged shelf ships flat

### A&E SPECIFICATIONS

The 19"W steel rackmount shelf shall be Lowell Model #RMK3-18-LFP with overall depth of 18" and panel space of 3 rack units. The shelf shall be 14-gauge steel construction with black powder epoxy finish. It shall feature a vented base and L-brackets to help secure equipment. Load capacity shall be 50 lbs. The shelf shall be made in the U.S.A. with certified U.S. steel.
