

Model No.

# LGRB-12

Snap-in bushings for LGR Series racks

---

Nylon bushings snap into the 2-inch holes in LGR Series racks, providing a smooth surface for routing cable bundles. The plastic bushings insulate and mechanically protect electrical and telecommunications cables.

---

## FEATURES

CONSTRUCTION: Nylon 6/6

COLOR: Black

HEAD DIAMETER: 2.13 inches

INSIDE DIAMETER: 1.64 inches

OVERALL HEIGHT: 0.45 inches

QUANTITY: Bag of 12

COMPATIBILITY: For Lowell LGR Series racks, bushings snap into the rack's vertical holes to create a smoother surface for routing cable bundles.

COUNTRY OF ORIGIN: U.S.A.

## A&E SPECIFICATIONS

The rack shall include nylon bushings, Lowell Model LGRB-12, to snap into holes and provide a smoother surface for routing cable bundles.
