Model

# PFR-TC Series

Top cover for PFR Series wall-mount racks

Steel top cover with black powder epoxy finish is made for use with PFR Series wall racks

## FEATURES

**COMPATIBILITY:** For Lowell PFR Series wall racks

**CONSTRUCTION:** 16-gauge certified U.S. steel top can flip up and out of the way when you want to pivot the front open

**FINISH:** Smooth black powder epoxy finish

**HEIGHT:** 1.88 in. (adds approximately 0.53-inches to unit height)

**WIDTH:** 19.46 in.

**DEPTH:** Top covers have a slightly smaller depth than that of the compatible rack:

- Model PFR-TC12 (11.3-inch depth) for use with 12-inch deep rack
- Model PFR-TC18 (17.3-inch depth) for use with 12-inch deep rack

**COUNTRY OF ORIGIN:** Made in U.S.A.

Rack model PFR-612 with mounted top cover (closed and open).

## A&E SPECIFICATIONS

The PFR Series pivot frame wall rack shall include a top cover, Lowell model \_\_\_\_\_ (PFR-TC12, PFR-TC18), which shall be steel with smooth black powder epoxy finish. The top cover shall be made in the U.S.A.
