

# Rack Hardware

## **SCREWS for SQUARE-PUNCHED RAILS (or 2-post/4-post racks with 12-24 threaded rails):**

Screws feature standard tip and separate washer. Requires cage nuts (order separately).

- RS1224-100: Phillips pan head, black, 12-24 x .787

## **CAGE NUTS:**

- RCN1224-100: black, 12-24
- RCN1032-100: black, 10-32

## **SCREWS for 10-32 THREADED RAILS:**

Screws feature pilot point tip and pre-installed washer for time saving installation. Screws can also be used with square-punched rails by adding a cage nut (order separately).

- RS Series: Phillips truss head, black zinc-plated, 10-32 x .75
- RSP-500: Phillips finish head, 5.1 hardness, black zinc plated with painted head, 10-32 x .875
- RSM Series: Phillips truss head, 302 stainless steel, black oxide plated with wax, 10-32 x .75
- RSV-50: Torx star post head, black, 10-32 x .875
- RSR-50: Robertson square head, black, 10-32 x .875

## **GANGING HARDWARE:**

- RGH-40: 1/4-20 x 5/8" hex and kep nuts for gangable racks
