

Model No.

# SVPL-1

Steel Vent Panel, 63% Open Area

PERFORATED STEEL VENT PANEL is engineered to mount in 19" EIA racks. The panel features large (0.156") diameter holes for passive ventilation with a 63% open area.

## FEATURES

**CONSTRUCTION:** 18-gauge USA-certified steel with large 0.156" diameter holes on 0.187" staggered centers.

**OPEN AREA:** 63%

**FINISH:** Smooth-black powder-coat finish

**FLANGE:** 0.5" flange for strength

**ORIGIN:** Made in the USA

**COMPLIANCE:** EIA compliant, BAA compliant, TAA compliant

**PACKAGING:** Available as single panels or in multi-pack cartons.

The SVPL Series (top) features a larger diameter hole than the SVP Series (bottom).

Panels can be purchased individually or in multi-pack cartons.

## A&E SPECIFICATIONS

The rack shall include \_\_\_\_ vent panels, Lowell model \_\_\_\_\_, which shall be 18-gauge steel with smooth-black powder-coat finish and large 0.156" diameter holes on staggered centers. Each panel shall measure 19"W x \_\_\_\_ rack units and feature a 0.5" flange. The rackmount panels shall be made in the USA using USA-certified steel. They shall be Buy American Act (BAA) compliant, and Trade Agreements Act (TAA) compliant.

## MODEL SUMMARY

Model No.	Description	Height (in)	Rack Units	Carton Pack
SVPL-1	Steel Vent Panel with flange	1.75	1	1
SVPL-1CC	Steel Vent Panel with flange, Contractor Carton	1.75	1	12

One rack unit (RU or U) = 1.75 inches or 44.45 mm

## TECHNICAL DRAWINGS
