

POLICY STATEMENT

The Buy American Act and The American Recovery and Reinvestment Act

Enacted in 1933, the Buy American Act (BAA) mandated that the US Government give preference to American made products in its purchases. Similarly, the American Recovery and Reinvestment Act (ARRA) passed by Congress and signed into law in 2009, includes a provision that invokes the Buy American Act.

Selecting products that meet the requirements of the Buy American Act and the American Recovery and Reinvestment Act can help create, maintain and support jobs for the American worker across the USA.

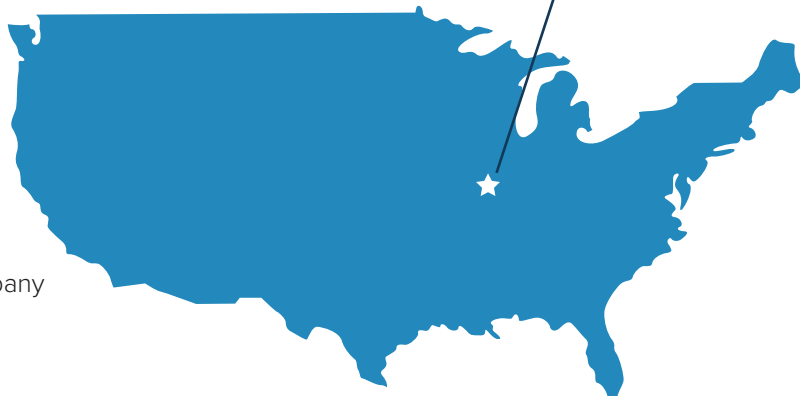

**Lowell Manufacturing Company is dedicated to
supporting our country and the American worker**

Lowell Manufacturing Company is dedicated to supporting the country through the Buy American Act (BAA) and the American Recovery and Reinvestment Act (ARRA). We stand behind these initiatives with a wide range of US manufactured products compliant with the provisions of these acts.

With manufacturing, research and development facilities located in Pacific, Missouri, Lowell is well suited for projects that must comply with the Buy American Act and the American Recovery and Reinvestment Act as **fully 95% of our products, representing more than 1,400 items, meet these requirements.**

For more than 70 years, Lowell Manufacturing Company has produced innovative, labor saving product solutions backed by pride and craftsmanship that is uniquely American.
