

Straight ladder – CL-1210

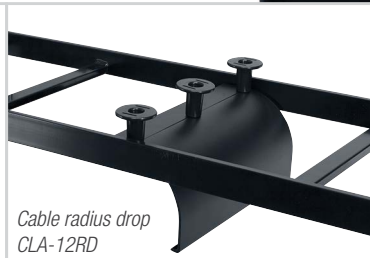

CABLE ORGANIZATION IS KEY to efficient, scalable, cost-saving installations.

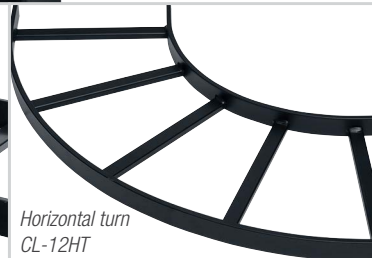

Wall triangle bracket – CLA-12WT

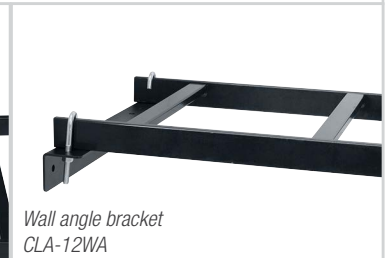

Vertical turn
CL-12VT

Cable radius drop
CLA-12RD

Horizontal turn
CL-12HT

Wall angle bracket
CLA-12WA

KEY BENEFITS:

- › Cost effective cable management system
- › Ideally suited for areas where temperature control is a factor
- › Route large wire bundles overhead or under raised floors
- › Allows cables to enter or drop out of the ladder system at any point
- › Cables can be easily seen from top or bottom for inspection and troubleshooting
- › Cable repairs can be done without completely replacing the original cable run
- › Adding additional cabling in the future is easy and hassle free compared to other wiring methods
- › Rungs provide convenient anchors for tying down cables
- › Side rail flanges can help protect cables from damage

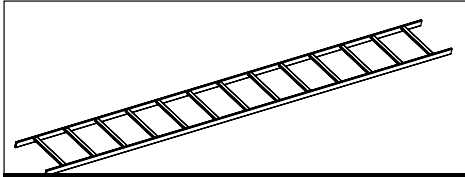

CONSTRUCTION:

- › Steel tube stringer with cross members welded on 9-in. centers
- › 12-in. or 18-in. width
- › Approximately 10-ft. (119-in.) length
- › Maximum load capacity with minimum deflection is 132-lbs/ft. if supported every 5-ft.
- › Made in the USA and Trade Agreements Act (TAA) compliant

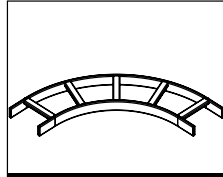

AVAILABLE HARDWARE

- › Secure ladder to racks
 - Rack adaptor panels
 - Stand-off elevation kit
 - J-bolt kit
- › Secure ladder to structure
 - Wall and floor-mount brackets
 - Ceiling-mount kit
- › Connect ladder sections
 - Various splice kits
 - T-junction bracket kit

12"W CABLE LADDERS

Model No.	Description	Weight
CL-1210	Straight ladder – 10'L (approx.)	24.47 lbs
CL-12HT	Horizontal turn ladder – 90° cable bend radius	8.05 lbs
CL-12VT	Vertical turn ladder (I/O bend)	4.8 lbs

18"W CABLE LADDERS

Model No.	Description	Weight
CL-1810	Straight ladder – 10'L (approx.)	27.75 lbs
CL-18HT	Horizontal turn ladder – 90° cable bend radius	10.50 lbs
CL-18VT	Vertical turn ladder (I/O bend)	5.6 lbs

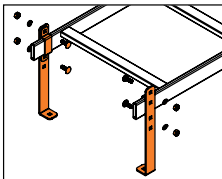

12"W LADDER ACCESSORIES

Model No.	Description	Weight
CLA-12RD	Cable radius drop	1.90 lbs
CLA-12WA	Wall angle bracket – perpendicular wall support for ladder	1.96 lbs
CLA-12WT	Wall triangle bracket – wall support (400 lbs. static load) for ladder	4.15 lbs
CLA-12RRP	Relay rack plate kit secures ladder to channel relay rack*	3.12 lbs

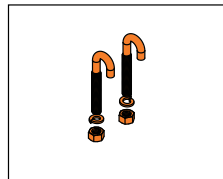

*See Lowell NR2P Series racks

18"W LADDER ACCESSORIES

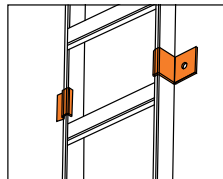

Model No.	Description	Weight
CLA-18RD	Cable radius drop	2.84 lbs
CLA-18WA	Wall angle bracket – perpendicular wall support for ladder	2.70 lbs
CLA-18WT	Wall triangle bracket – wall support (400 lbs. static load) for ladder	5.92 lbs
CLA-18RRP	Relay rack plate kit secures ladder to channel relay rack**	4.20 lbs

HARDWARE – SECURE LADDER TO RACK

Model No.	Description	Weight
CLH-SK46	Stand-off elevation kit (4"-6")	12 lbs
CLH-JB3	J-bolt kit, 5/16 x 3" – holds ladder to rack	.31 lbs

HARDWARE – SECURE LADDER TO WALL, FLOOR, CEILING

Model No.	Description	Weight
CLH-VWB	Vertical wall brackets – anchors ladder to wall	.56 lbs
CLH-CK	Ceiling-mount kit – suspends ladder from ceiling	.88 lbs
CLH-FB	Floor-mount brackets – mounts ladder to floor	3.22 lbs

HARDWARE – CONNECT LADDER SECTIONS

Model No.	Description	Weight
CLH-SKB	Butt splice kit – joins ladders end-to-end	.47 lbs
CLH-SKS	Swivel splice kit – joins ladders end-to-end w/adj. bend	1.90 lbs
CLH-SKT	T-junction bracket kit – joins ladders w/ 90° intersection	.68 lbs
CLH-SKA	Adjustable splice kit* – joins ladders w/ special** angle intersection	2 lbs

**Installer determines angles to cut ladder ends in order to fit around obstacles

HARDWARE – MISCELLANEOUS

Model No.	Description	Weight
CLH-GSK	Grounding strap kit – provides grounding across cable ladder	.25 lbs
CLH-EC	Ladder end caps (1pr) – covers end of cable ladder	.35 lbs
