

# MACHINE OPERATOR – 1<sup>st</sup> & 2<sup>nd</sup> Shift

## COMPANY OVERVIEW

Founded in 1947, Lowell Manufacturing Company is a leading manufacturer of premium quality products made in the USA for Professional/Commercial A/V, Security, Residential Custom Installation and Broadcast applications. The Company designs, engineers and manufactures a broad portfolio of products encompassing 19" electronic equipment racks, cabinets and rackmount accessories, power distribution and protection devices, packaged loudspeaker systems, sound masking and audio controls. In addition to its branded product line, the Company also manufactures custom fabricated products for OEM customers nationwide.

## JOB OVERVIEW

Lowell has an opening for machine operators at its headquarters in Pacific, Missouri on 1<sup>st</sup> shift (Monday through Friday, 6:30am to 3:00pm) and 2<sup>nd</sup> shift (Monday through Thursday, 2:30pm to 1:00am). The Lowell machine operator is an individual responsible for operating one or multiple machines at Lowell Manufacturing Co., including a Salvagnini L5, Salvagnini S4, Minster progressive die punch press, and Amada Turret, and any other future machines acquired by the company. Each operator will be responsible for reading blueprints and work orders, setting up safe operation of machine on which he or she is working, and completing first piece inspection with his or her supervisor or designated lead person.
